10"	11 <sup>1</sup> / <sub>4</sub> "	8"

# PERMA Capitals and Bases

Choosing the right cap and base for your columns is as important as the selection of the column itself. The right cap and base can define the style of the front porch and create an atmosphere that compliments your lifestyle. The cap and base options offered by HB&G are shown on page 7. Please see the following data that corresponds with your cap and base selection to assure that you end up with the products that work best for you.

## CAPITAL AND BASE OPTIONS

Capitals and bases for PermaCast® columns are made of polyurethane and are decorative. The shaft fits through the center of the capital and base and does not alter the height of the shaft. Ornamental capitals for round PermaCast® columns will alter the height of the shaft.

### TUSCAN CAPITAL AND BASES

The Tuscan style is standard and best complements the PermaCast® column. The Tuscan is available for all ROUND and SQUARE shafts. 8"-12" Tuscan caps and bases include at no charge the new PermaFlashing and installation kit.

### ORNAMENTAL CAPITAL

Five styles of ornamental capitals are available for all round and square shafts. Nothing makes a statement like a PermaCast® column with an ornamental capital.

Using an ornamental capital with a round PermaCast® shaft will alter the height of the shaft. Ornamental capitals do not alter the height of the shaft when used on a plain square PermaCast® Column.

### ATTIC BASE

Attic Bases are used for a more ornate look and come in 1 or 2 pieces depending on their size.

### COLONIAL CAP AND BASE

Referred to as our "economy" capital and base, the Colonial is approximately 1/2 the size of the Tuscan. It does not provide architecturally correct dimensions and should only be used when aesthetics are not a priority. Only available for ROUND PermaCast® shafts 6" - 12".

### FIBERGLASS BASE

The fiberglass base is manufactured from the same materials as the shaft and available for Round PermaCast® shafts 8" - 12" only. It is designed to be used in high traffic areas.

## ORNAMENTAL CAPITAL DIMENSIONS FOR PERMALITE COLUMNS

### ANGULAR GREEK IONIC

	8"	10"	12"
Width	N/A	N/A	12 <sup>1</sup> / <sub>2</sub>

Height	10	11 <sup>3</sup> / <sub>8</sub>	14 <sup>1</sup> / <sub>4</sub>
Abacus	14	N/A	21 <sup>1</sup> / <sub>2</sub>

PermaLite Ornamental Capitals install on the top of the shaft.

**ORNAMENTAL CAPITALS FOR ROUND PERMACAST® COLUMNS**

Adding a load bearing ornamental capital to a round PermaCast® column will lengthen or shorten the overall height of the column depending on the height of the capital. Subtract the "T" dimension (from the column dimensions chart) and add the height of the ornamental capital +/- 1/4" for overall column height.

**8"-12" LOAD BEARING CAPITAL**

**14"-30" NON LOAD BEARING CAPITAL WITH SEPARATE LOAD BEARING PLUG**

**ORNAMENTAL CAPITALS FOR SQUARE PERMACAST® COLUMNS**

Adding an ornamental capital to a square PermaCast® column DOES NOT change the length of the column shaft. The ornamental capital simply slides over the shaft. Neck molding can be applied or not.

**SQUARE ORNAMANTAL CAPITAL INSTALLATION TIP**

When installing an ornamental capital on fluted square columns, the capital slides over the shaft. The taller capitals will cover the flutes and require additional caulking to finish.
