24" - 30"	KIT #8	N/A
36'	KIT #6	N/A
	& KIT #8	

The new improved split kit now includes a column installation kit and our new and improved adhesive.

The HB&G Split Kit contains everything needed to install a ROUND or SQUARE split PermaCast® column. The kit includes straps, aluminum mounting plates, screws, improved adhesive, instruction sheet and column installation kit.

HB&G factory split PermaCast® columns include the split kit inside the shaft of the column (included in splitting charge). The chart shown lists each column with the correct split kit on the right.

For Craftsman Columns, use bottom width and height to determine kit.
