MOR-SHADE® FOR STRUCTURAL FIBERGLASS PERGOLAS

HB&G offers three ways to increase the shade provided by your pergola: Mor-Shade® Canopy, Purlin, and Shade Sail. Each option is specifically designed to be an attractive accent to your pergola and create a shelter from the sun's rays. The combination of an HB&G pergola and a Mor-Shade® shade solution is the ultimate combination of beauty, function, and versatility to create your outdoor living room.

**Color may differ slightly due to print settings.
Please call for more information.

MOR-SHADE® CANOPY

Designed for ease of use our exclusive Mor-Shade® Canopy slides on a wired system that is ready to install out of the box. The unique modular design is easy to install, just like our fiberglass pergolas, to enhance your outdoor living experience. Designed to quickly lock individual canopy panels in place to provide shelter from the sun or remove panels as quickly when the sun goes down.

MOR-SHADE® SHADE SAIL

The Mor-Shade® Shade Sail is a solid fabric cover that is easy to install and remove based on weather conditions and time of year.

*Mor-Shade® canopies and shade sails must be removed when severe weather is anticipated or the warranty is void.

MOR-SHADE® PURLIN

Increase the size and number of purlin on the top of the pergola to increase the amount of shade provided by the pergola.
