12" Round PermaCast® Column with Savannah PermaPorch® Railing

The PermaPorch® Railing system is a beautiful way to tie your whole porch look together. It is made up of several different components, allowing you the ability to create the designs that match your way of life. Easy to install, this

worry free railing system will be a beautiful, low maintenance addition to your porch or deck for generations to come. Be sure to use the coastal newel in areas where coastal effect corrosion is a concern.

## Porch Railing

## Deck Railing

All rail sections suitable with columns (as shown) or PermaPost®  
\* Top Rail Section must be installed on site.

## Pre-Built PermaPorch® Railing

Pre-Built PermaPorch® Railing is available in a variety of styles to match your porch and deck design. The top and bottom rails are made of pre-finished weather resistant cellular PVC with aluminum inserts.

• HB&G recommends checking all building codes before the design and installation of your PermaPorch® Railing.

The top rail, bottom rail, and balusters are available in pre-finished white. They are made from weather resistant cellular PVC. The balusters are also available in round aluminum.

\*Coastal Newel Post is designed to be used in harsh and coastal conditions.

**CHESTERFIELD FASTENING KIT\***

Each kit comes complete with skirt, brackets, and TapCon screws for wood or concrete substrates.

\*Review building code requirements prior to use.

Poly Ball Top  
Height 6"  
Width at Base 4 7/8"

Poly Pyramid Top  
Height 1 1/4"  
Width at Base 4 7/8"

**CUSTOM RAIL PANELS**

Custom rail panels are available. Use our custom rail patterns to create a beautiful, one of a kind look that will set any home apart. HB&G's rail panels are designed to work with the PermaPorch® Railing top and bottom rails. They are made of cellular PVC and can be manufactured using your design or you can choose from one of the styles below. Contact a customer service representative now to order your custom rail panel.
