Wood Turned Posts

6"x6"x10'

SKU: 02191

Product Material: Wood

Notes

- Tolerances: +/- 1/4" in all dimensions
- Whole Posts must have 75% contact at the top and 100% contact at the bottom.
- Wood Turned Posts are manufactured from kiln dried, paint-grade pine. Finger-jointed and laminated.
- Wood Turned Posts require ventilation and must be mounted using an aluminum plinth or fastening system.
- Wood Posts are primed for painting.
- Do NOT paint using dark colors(dark colors are considered any color that falls within the L values of 56 to 0). L is a measure of the lightness of an object, and ranges from 0(Black) to 100(White). Follow paint manufacturer's instructions for priming and painting posts. See Installation Instructions.
- 6" Wood Turned Post has a structural load capacity of 5,800 lbs max.
- Top and bottom secured in accordance with installation instructions.
- Post actual dimension: 5-1/4"x5-1/4"
- Posts are not intended to be used in a free standing application without the use of a tie down system.
