Square PermaCast® RoughSawn® Column

4" Square Trim

-

SKU: 660054

Product Material: Polyurethane

Notes

- Tolerances: +/- 1/4" in all dimensions
- RoughSawn Trim used for Craftsman style Column.
- Specially designed to accommodate tapered Craftsman Columns.
- RoughSawn Trim features 4 individual pieces cut and applied during installation offering quick and easy installation.
- RoughSawn Trim must be primed, stained and or painted after installation on jobsite. If column is not primed and painted it will turn a yellowish color due to UV rays. Follow paint manufacturer's instructions for priming and finishing of fiberglass composite column and polyurethane cap and base.
- Columns are not intended to be used in a free standing application without the use of a tie down system.
